## SITE-WIDE REVENUES

Operating the Remote Start program in-house opens potential for substantial revenues across all departments. From the parts dept, to the service dept, to sales - generate new business and capitalize on your existing service relationships.

## A PROVEN WINNER

“The engineering of the product is so easily integrated into the factory Mercedes-Benz parts... The safety features also prove the integrity of the well thought-out design.”

**CARRIAGE HOUSE OF NEW LONDON, CT**

“We’ve found the Remote Start for Mercedes-Benz to work harmoniously with the safety our customers expect... The product is simple to install and works right into the factory parts. Everything works great!”

**MERCEDES-BENZ OF TAMPA, FL**

“We’ve found the Remote Start for Mercedes-Benz to work harmoniously with the safety our customers expect... The product is simple to install and works right into the factory parts. Everything works great!”

**MERCEDES-BENZ OF TAMPA, FL**

“The Remote Start for Mercedes-Benz has quick and easy installation and start-up. With minimal time spent, the system works great!”

**CONTEMPORARY MOTOR CARS, NJ**

## CONVENIENT. SAFE. SEAMLESS.

### TRUE PLUG AND PLAY

Installs seamlessly in 15-45 minutes

Absolutely no cutting of wires

No secondary key required

### ZERO COMPROMISE

Uses existing factory transmitter via one touch on panic button

Retains all factory and panic features, including identical transmitter range

Compatible with Key and Keyless Go vehicles

### SAFETY FIRST

Doors remain locked when running

15 minute maximum runtime

#### REMOTE START FEATURES DISENGAGE AFTER:

- ✓ Foot brake is engaged
- ✓ Vehicles RPM accelerated
- ✓ Hood is opened
- ✓ Four consecutive remote starts (unit resets itself with next manual start)

### FULLY COVERED

Mirrors any vehicle’s existing factory warranty

Out-of-warranty vehicles covered for one year
